

Richard M. Lynch, Ph.D., M.S., CIH, CMC, CMRS
President, Environmental Safety Mgt. Corporation
21 Scott Street - Riverside, NJ 08075 - ph: (856) 764-3557

EDUCATION

Ph.D. Public Health - Major: Occupational Health
UMDNJ-Robert Wood Johnson Medical School and Rutgers, The State University of New Jersey, 1995.
M.S. Industrial Hygiene
Temple University, Philadelphia, PA, 1988
B.A. Ecology
Rutgers College, New Brunswick, NJ, 1984

CERTIFICATIONS

Certified Industrial Hygienist
American Board of Industrial Hygiene, 1989
Certified Microbial Remediation Supervisor
American Indoor Air Quality Council, 2005
Certified Microbial Consultant
American Indoor Air Quality Council, 2005
Certified Public Manager
State of New Jersey and Rutgers University, 1990

PROFESSIONAL EXPERIENCE

1992-Present **President**
Environmental Safety Management Corporation, Riverside, NJ
Industrial hygiene sampling and evaluations, indoor air quality studies, mold assessments, noise and ergonomic evaluations and interventions for commercial, manufacturing and health care facilities. Manage occupational safety and health & OSHA compliance efforts for client companies and school districts. Investigate occupational disease outbreaks. Develop and administer safety and health, bioterrorism preparedness, emergency evacuation, ergonomics compliance programs.

Conduct water damage, fire residue, sewerage and mold contamination assessments and mold remediation design and oversight in commercial, industrial, health care and residential facilities. Design and implement air and bulk sampling for mold, bacteria, endotoxins, and building material moisture mapping. Design mold remediation activities including water extraction, refrigerant and dessicant dehumidification, carpet, flooring and wallboard sheetrock, and insulation removal, wood concrete and metal mold cleaning and decontamination. Mold clean-up verification via air and surface sampling.

Provide litigation support in matters related to chemical exposure, product labeling and warnings, forensic chemical and biological exposure modeling, mold contamination and remediation efficacy, ergonomics and workers compensation.

Experienced, dynamic public speaker at conferences, seminars and symposia. Prepare and conduct seminars and training courses on business, leadership, personal development, occupational health and safety, industrial hygiene, ergonomics, mold

assessment, and remediation, hazard communication, hearing conservation, and other topics to clients, universities, and industry associations.

- 2002 – 2003 **Adjunct Professor**
University of Medicine and Dentistry of NJ – NJ School of Public Health
Designed and taught graduate level courses in Industrial Hygiene and Environmental Health to graduate students including physicians, nurses, health educators and others. Director of course development for NJ Health Officers for Nuclear, Biological, Chemical and Radiological Terrorism Preparedness under grant from the NJ State Department of Health and Senior Services.
- 1994-2002 **Assistant Professor**
Department of Urban Studies and Community Health, Rutgers University
Environmental and Occupational Health Division, UMDNJ - School of Public Health
Design and teach courses in undergraduate and graduate public health programs at Piscataway/New Brunswick and Camden Stratford Campuses of Rutgers University and the NJ School of Public Health. Conduct student academic and career advising, and scientific research on occupational health and safety issues. Responsible for securing and managing a \$1.68 million contract with the New Jersey State Department of Health and Senior Services, to conduct medical and toxicological research on approximately 1,800 chemicals over a four-year period. Participated in the NJ Governor’s Domestic Security Task Force in response to Anthrax contaminated mail threats, providing technical support for detection and prevention of Anthrax contamination of NJ State mail handling facilities and personnel.
- 1992 **Manager, Environment, Health & Safety**
University of Medicine and Dentistry of New Jersey
Developed and administered environmental and health and safety compliance programs for all UMDNJ academic facilities on four campuses throughout central and southern New Jersey. Developed and administered hazardous waste management, laboratory safety, infectious disease prevention, radiation safety and other programs. Provided technical specifications for safety and health protection systems for new building construction and facility retrofit projects.
- 1991-1992 **Manager, Safety & Industrial Hygiene**
Unisys Corporation, Flemington, NJ
Fully responsible for all safety, industrial hygiene, environmental, hazardous waste, air pollution, workers compensation and emergency medical treatment compliance programs for a 1000 employee manufacturing facility.
- 1986-1991 **Acting Program Manager**
Project Coordinator
Industrial Hygienist
Public Employees OSHA Program, New Jersey State Department of Health, Trenton, NJ
Managed all aspects of the Public Employees OSHA Program, including industrial hygiene compliance inspections, programmed inspections of high risk workplaces, educational and standards development activities, and data management.

1983-1986 **Health and Safety Technician**
 Environmental Technician
 International Technology Corporation, Edison, NJ
 Administered corporate health and safety programs including air sampling and monitoring, heat stress monitoring, hazard communication, PPE selection and site safety plan development for hazardous waste site clean-up and emergency response activities. Conducted air, water and soil sampling at Superfund Sites throughout the east coast, and operated and maintained the Stack Sampling & Analytical Laboratory for the EPA Mobile Incineration System, during dioxin trial burn studies.

TEACHING EXPERIENCE

Undergraduate Courses – Rutgers University

Introduction to Public Health
Health and Public Policy
Field Practicum in Public Health
Issues in Environmental and Occupational Health

Graduate Courses – University of Medicine and Dentistry of NJ

Principles of Industrial Hygiene
Introduction to Environmental Health

Professional Development Courses

Course Director - NIOSH Educational Resource Center – Univ. of Medicine and Dentistry of NJ

Practical Ergonomics for Workplace Health and Safety
Fundamentals of Occupational Safety Compliance

Instructor

Certified Mold Remediation Supervisor Review Course
Louisiana State University – November 2005

CONFERENCE PRESENTATIONS/LECTURES (Partial Listing)

- "Collaboration between Medical and Building Assessment Professionals: Indoor Biological Contaminants – Health Effects, Assessments and Sampling." Presented at the American Industrial Hygiene Conference and Exposition – Philadelphia Convention Center, June 7, 2007
- "Certified Microbial Remediation Supervisor Study/Review Course," - American Indoor Air Quality Council & NAETI at Louisiana State University – Baton Rouge, LA, November 16-18, 2005
- "Successful Mold Restoration Communication" Presented at the Association of Specialists in Cleaning and Restoration 59th Annual Convention & Exhibition – March 12, 2004, Colorado Springs, CO.

- “Biological and Chemical Agents of Terrorism ” Presented at the Public Health Bioterrorism and Emergency Preparedness Training Certificate Program – NJ Environmental Health Association, May - June, 2003, Bordentown, NJ.
- “Indoor Air Quality Fundamentals, OSHA, Mold Guidelines, & Bloodborne Pathogens” Presented at the OSHA Update Guidelines for Long Term Care Conference – American College of Health Care Administrators – NJ Chapter, March 10, 2004, Burlington, NJ
- “Ergonomics” Presented at the New Jersey American Industrial Hygiene Association – Industrial Hygiene Review Course – June, 2000-2007, New Brunswick, NJ
- “The Role of the Industrial Hygienist in Mold Assessment and Litigation” Presented at the Toxic Tort Law Update: Mold, Asbestos & Lead Liability Seminar – NJ Institute for Continuing Legal Education, March 16, 2002, Fairfield, NJ.
- “New Challenges for Respirators Post 9/11” Presented for the Occupational and Environmental Medicine Association of NJ, June 6, 2002, New Brunswick, NJ.
- “Reducing Musculoskeletal Injuries” Presented at the National Transit Institute's Transit Trainers' Workshop 2001, St. Louis, Missouri, April 2, 2001.
- “Impact of Employment on Health of Minorities” Presented at the American Industrial Hygiene Conference and Exposition, Orange County Convention Center, Orlando, Florida, May 24, 2000.
- “Scope of the Ergonomics Problem” Presented at the Universities Occupational Safety and Health Educational Resource Center (UOSHERC) 21st Annual Scientific Meeting - Ergonomics and Musculoskeletal Disorders - Mt. Sinai Medical Center, New York, NY. April 14, 2000.
- “Ergonomics and Transit Workers” Presented at the National Transit Institute's Transit Trainers' Workshop 2000, Portland Oregon, March 29, 2000.
- “Industrial Hygiene in Senegal” Presented at the 19th Annual Northeastern Industrial Hygiene Conference, Marriott Hotel, Princeton, New Jersey, December 3, 1999.
- “Practical Ergonomics for Workplace Health and Safety.” Course Director for National Institute for Occupational Safety and Health Sponsored Professional Development Training Course at UMDNJ, May 7-9, 1997, May 6-8, 1998, November 11-13, 1998, November 17-19, 1999, March 22-24, 2000.
- “Fundamentals of Occupational Safety Compliance.” Course Director for National Institute for Occupational Safety and Health Sponsored Professional Development Training Course at UMDNJ, April 21-25, 1997, June 2-6, 1998, April 19-23, 1999, April 10-14, 2000.
- “Ergonomics for Nurses” for Joint Bachelor of Science Program in Nursing NJIT/UMDNJ, TEC Center, Route 38, Mt. Laurel, New Jersey, October 8, 1998.
- “Indoor Air Pollution,” Presented at ToxRAP Network Training, Environmental and Occupational

Health Sciences Institute, January, 1998.

- "Short Term Impact of Back Injury Training Program Among Health Care Workers," Presentation for Occupational Medicine Resident's Seminar Series, R.M. Lynch, UMDNJ-Robert Wood Johnson Medical School, September, 1997.
- "Proving Occupational Lung Disease Claims of Latex Induced Asthma Among Healthcare Workers," with G. Conk. Presented at the State of the Art Trial Techniques Conference, Association of Trial Lawyers of America, Boardwalk Seminar 1997, Bally's Casino, Atlantic City New Jersey, April, 1997.
- "Ergonomics," Presented at the New Jersey and New York sections of the American Industrial Hygiene Association's Summer CIH Review courses, 1997-2000.
- "Surviving Your Computer: Staying Healthy at Work," Presented at the New York Committee for Occupational Safety and Health (NYCOSH)/Mt. Sinai Medical Center Conference New York University, New York, October 1996.
- "Scientific Literature Search and Evaluation Techniques for Occupational Pulmonary Claims," Presented at the Institute for Continuing Legal Education Conference on Proving Causation of Occupational Disease, New Brunswick, New Jersey, October 1996.
- "Risk Factors and Controls for Occupational Carpal Tunnel Syndrome," Presented at the Chief's Medical Rounds Seminar, Cooper Medical Center, June 1996.
- "Ergonomics for an Aging Population," Presented at Rutgers University Academy of Life-Long Learning, Reformed Church, Highland Park, New Jersey, April 1996.
- Invited Lecturer at UMDNJ-RWJMS, Office of Special Academic Programs, Summer Biomedical Careers Program on Careers in Public Health, 1995-1996.
- "Health Issues of the '90s," Presented at the Black Data Processing Associates' 17th Annual National Conference, Wyndham Franklin Plaza Hotel, Philadelphia, Pennsylvania, August 1995.

PROFESSIONAL MEMBERSHIPS & AFFILIATIONS

- Founding Director – Indoor Air Quality Association – Trenton Chapter – 2006 Present
- Member, Advisory Board– Business Development Incubator – New Jersey City Univ. 2005-2006
- Member, NJ Clean Air Council – Governor Appointed – 2007- 2011
- Member, NJ Clean Air Council – Governor Appointed – 2003- 2007
- Member, Occupational Health Advisory Board, NJ Dept. of Health & Senior Services, 1996 - Present
- Member, American Industrial Hygiene Association, 1993 - Present
- Member, American Society of Safety Engineers, 1993 - 2006
- Member, American Academy of Industrial Hygiene, 1990 - Present
- Member American Indoor Air Quality Council, 2005-Present
- President, Youth Achievers Committee, Inc. 2003- 2005
- Member, Burlington Township Board of Education 2005 - Present
